Generating Advancements in Longitudinal Analysis in X & Y Chromosome Variations

This research study is hoping to understand X and Y chromosome variations better

What does the study involve?

- You agree to let the researchers use your medical records for research purposes by either signing a Release of Records so the study team can get the records directly from your doctor or by uploading the records to us directly
- You can optionally sign up to be contacted about future studies and complete surveys

You may be eligible for the study if you have a genetically confirmed diagnosis of:

- Klinefelter syndrome (XXY)
- Trisomy X (XXX)
- XYY syndrome
- XXYY syndrome
- XXXY syndrome
- 45X or another X&Y chromosome variation

To see if you are eligible and sign up for the study:
